**Responses to consultation with Affiliated PTOs on the proposal to remove the limit on the number of temporary memberships an individual may take out**

1 Brucie Johnson, Skydive London :

*"Makes monitoring individuals [by] BPA a bit of a nightmare."*

2 Jane Hopkins, Skydive Headcorn :

*"My only reservation with this proposal would be keeping track of expiry dates. We have an annual check on BPA memberships and this is easy to record on our online manifest system. Constantly having to change expiry dates I feel would sooner or later lead to someone jumping without BPA membership. Also would this apply to individuals who were not full members in the previous year or would it be available for anyone? Does this mean that a student can take out a temporary membership and then keep taking them out even though he/she has never been a full member?"*

3 Colin Fitzmaurice, Skydive Tilstock:

*"It's kind of a vague proposal without seeing exactly what you have in mind but, in principle, I have no problem with it."*

4 Philip Bell, Cyprus Parachute Centre:

*"I agree with the proposal to allow an unlimited number of temporary memberships, it does no harm to the BPA financially and can help individuals who for one reason or another, cannot skydive regularly enough to justify a full membership. The same principle is applied to P6 provisionals, I see no reason why it cannot be applied to temporary memberships also. This is only my personal opinion as the administrator and manager of the Cyprus Parachute Centre, the CCI may well disagree."*

5 Ian Roseninge, Skydive Academy:

*"I was looking at no limit for the number of temporary memberships that a student parachutist may take out but accept that might not be what we all at Council/Development wanted."*

6 Noel Purcell, Skydive Hibaldstow:

*"Please could you forward me the paper from Ian R. to see his reasoning for the temporary membership proposal to change to unlimited?"*

7 BPA membership services:

*"We should like to be involved in the discussions about this."*
